Veterans Affairs Canada

For veteran patients: Would you like ABcann to seek approval from Veterans Affairs Canada (VAC) for medical cannabis reimbursement coverage on your behalf ?

Yes

No

Has the patient registered as a VAC patient with another Licensed Producer ?

Yes

No

Condition / Ailment

VAC K Number

I have selected ABcann to seek approval from Veterans Affairs Canada VAQ for reimbursement, and authorize them to send the VAC a complete copy of the application and to bill the VAC directly for the cost of my medical cannabis.

IMPORTANT:

ABcann does not guarantee VAC approval. Once your ABcann application is approved, and until VAC approves your application, you will be able to make purchases with your own credit card. Once VAC approves your application they will incur the cost of your medical cannabis up to the amount covered. Products other than medicinal cannabis are not eligible for VAC reimbursement and you will be responsible for payment for such items.
